

Why Reaching Higher:

- *Educational components for both players, parents and officials.
- *To establish, maintain and strengthen the link between student athletes and their local school community.
- *To have young players aim to play for their school team and have a continued commitment to their school/community and education.
- *Strives to increase awareness for all within our membership and sport specific community: Athletes, Parents, Coaches and Officials alike.
- *Representation from around the State of Michigan.
- *Provide components that include not only 'skill and drill' sessions, but character and leadership development.
- *Overheard from a MIVCA Member: 'This is a great opportunity to develop players who may not realize the potential they have to contribute to our program'.
